INTRODUCTION AND DEDICATION

In accordance with the provisions of Chapter 40, Section 49, of the General Laws of Massachusetts, the Milford Board of Selectmen is required to publish this annual report.

Certain information must be included, such as the reports of the School Committee, the Town Accountant and the Town Treasurer. Beyond that which is mandated, however, the Board's objective is to provide within this report information which is of interest and practical value to you, the residents of the Town of Milford.

Departmental narratives contained on the following pages should provide an overview of activities and accomplishments during the past fiscal period. Election results and summaries of Town Meeting actions are also included for informational purposes. Municipal officials, boards and committees, both elected and appointed, are included, as well as a general telephone directory, so that you will know whom to contact for the various services you require. A map of Milford identifies the locations of municipal buildings, schools and hospitals.

The Board is hopeful that it has been successful in providing a valuable resource to Milford's residents through the publication of this Annual Report, and seeks to improve both format and content to make this Report more responsive to your needs. You may contact the Selectmen's office with your suggestions for such improvements. Be assured that your input will receive serious consideration.

The Annual Report is printed professionally. Contracts for printing are awarded through the established bid process. The cost of printing last year's (FY86) Annual Report was \$3,894 for 1,500 soft-bound and 16 hard-bound copies.

* * * * *

This year — 1987 — marks the Bicentennial of the United States Constitution. To commemorate the 200th anniversary of that historic document, Milford resident students in grades 7 through 12 were invited to participate in a competition to design the cover of the 1987 Milford Town Report, incorporating the Constitution as the prevailing theme.

The winner of this competition was Patricia Rosen of 4 Columbia Avenue, a senior at Milford High School. Patricia's prize-winning entry graces the cover of this report. The entry of runner-up Heather Weaver of 13 Edgewood Drive, a 7th grade student at Middle School West, has been reproduced within this report as the title page for *Town Meetings and Elections*. The Selectmen extend their appreciation to all contestants for their efforts in this competition.

BOARD OF SELECTMEN

The office of the Board of Selectmen is temporarily located in Milford's historic Memorial Hall, 30 School Street, Milford. You may reach the office by calling 617-473-5115. Current office hours are 8:30 AM-5:00 PM, Monday-Friday.

The Board's regularly scheduled meeting date is 7:00 PM each Monday, at the Milford Senior Center, 15 Winter St. Meetings are televised over Milford's cable TV channel. A formal record of all action taken by the Board at its meetings (The Minutes) is available for public viewing in the office.

The Board acts as the local licensing commission for a variety of licenses, including those required for the sale and consumption of alcoholic beverages, common victuallers, boarding houses, entertainment and amusement, Class I, II and III motor vehicle sales/service, storage of flammable materials, parades, tag days, sidewalk obstructions, movie theaters, and yard sales. License fees are deposited to the general fund of the Town of Milford. During fiscal year 1987, license/permit fees generated \$63,017 in revenue to the Town.

Parking tickets are also payable at the Selectmen's Office during normal business hours. Fines collected "over-the-counter" totaled \$155,368 in fiscal 1987.

Following are highlights of activities and improvements accomplished during the past year.

Professionalism

The Board of Selectmen is committed to the philosophy of recruiting and retaining qualified professionals to administer the departments under its jurisdiction. In February, 1987, Barbara A. Menna was appointed as Town Accountant, following the

resignation of Michael A. Diorio. Mrs. Menna had served as Town Accountant/Financial Director for the Town of Auburn. She is President of the Massachusetts Auditors and Accountants Association, and is a Certified Governmental Accountant. Mrs. Menna also serves as instructor in the state-wide UMAS system of accounting.

Patricia A. Carty was appointed in August, 1987, as the first full-time Activities Coordinator for the Milford Council on Aging. Ms. Carty had served the Town of Blackstone as its Community Development Coordinator. She will receive a B.A. Degree in Human Services from New Hampshire College in December 1987.

Following the resignation of Martin Cohen in January of 1987, the position of Town Planner remained vacant for over seven months while the Selectmen interviewed candidates for the position. Martha Leigh White was appointed in September to fill the vacancy. Ms. White returned to her native New England from the State of Louisiana, where she held the position of Director of City Planning of Kenner, LA, a city of 80,000 residents. Ms. White holds a B.S. Degree in Landscape Architecture from the University of New Hampshire, and will continue studies in a Master of Public Administration Program.

Michael Santora, P.E., was named head of the Planning/Engineering Department in June of 1987. Mr. Santora, who holds a B.S. Degree in Civil Engineering from Worcester Polytechnic Institute, has served as Milford's Town Engineer since November of 1984.

All Department heads under the jurisdiction of the Board of Selectmen, and many other elected and appointed officials as well, continue to refine their administrative skills through a variety of offerings sponsored by the Board. Representatives of the State

Ethics Commission conducted a seminar on the conflict of interest law which was well attended by local officials. The incentive aid grant program of the Executive Office of Communities and Development continues to fund seminars and professional studies. A seminar on performance evaluation held in December of 1985 resulted in the development of an evaluative tool and process for office support personnel. A similar process for department heads is currently in development. The inter-department permit process for building and planning departments has been studied and a final report and recommendations are expected momentarily. A six week program for department heads and support staff on management and administrative techniques designed to improve service delivery to the public was concluded in October of 1987. Additional programs are planned for the coming year.

Accounting/ Purchasing/ Computerization

The Selectmen continue to engage in cost-effective purchasing activities, both inter-departmentally and in cooperation with other agencies. Fuel oil is purchased at discount pricing for the school system and other municipal buildings. Standard items such as copy paper and supplies are purchased through the State Cooperative Purchasing Plan.

Effective as of July 1, 1987, standardized accounting procedures have been established in response to computerization of the town's accounting functions. All departments are now following a common process of account identification and expense reporting. Currently, the accounts payable system, purchase order system and general ledger systems are computerized. Software available for future utilization includes a municipal payroll system.

An extensive interior renovation of Milford's Town Hall continues,

with a target date of reopening in early 1988. Work is progressing under the direction of the general contractors, Brophy and Phillips of Brockton, MA, who signed the general contract for \$1,728,126 in April, 1987. The renovated building will be handicapped-accessible (elevators and ramps), and include full renovation of the HVAC systems and redesigned office space on both the ground and first floors.

Strategic Planning

The Selectmen continue to plan for future needs in a variety of ways. PWED and EDA grants provide substantial funding for infrastructure improvements; several projects are detailed in the report of the Planning / Engineering Office. Through its Economic Advisory Committee, the Selectmen and local industry work together to map out strategies for dealing with mutual concerns. The Board encourages ongoing dialogue with the Town's financial officers, to insure a solid financial base to meet community priorities. As always, Board members are interested in and responsive to specific concerns expressed by individual residents and neighborhood groups.

At the state level, the Board is actively involved in the *Statewide Comprehensive Outdoor Recreation Program* for the improvement and preservation of recreational facilities and open space, and *Blueprint 2000*, a strategic planning program on a state-wide level for the twenty-first century.

The Milford Board of Selectmen, in cooperation with municipal officials and the community at large, continues in its commitment to the concept of planned, orderly and controlled growth of the Town of Milford.

INSPECTOR OF ANIMALS

This is the report of the Inspector of Animals for the fiscal year ending June 30, 1987.

All cattle and horses in town were found to be free of disease.

Forty-three dog and cat bites were investigated and the animals quarantined. All were found to be free of disease.

Respectfully submitted,
Leon J. Mael

BOARD OF ASSESSORS

Milford's total valuation for FY 1987 increased from \$705,082,833 to \$741,845,410, an increase of \$36,762,577 over last year's figures.

The tax rate on Real Estate and Open Space increased from \$14.08

CAPITAL PLANNING COMMITTEE

The Capital Planning Committee meets on a scheduled basis to review, prioritize and recommend to Town Meeting on capital expenditures in excess of \$10,000. Some items submitted for consideration during FY 87 included municipal vehicles, Civil Defense equipment, a new chassis for the Fire Dept. rescue truck, a punch-card voting system for state/local elections, a brush chipper and renovations to the science labs at the middle schools.

The Capital Planning Committee is currently working on the development of a Capital Improvement Plan to insure that funds reserved in the future for capital expenditures are allocated in an effective manner.

TOWN CLERK & BOARD OF REGISTRARS

The April Town Election of 1986 was held, for the first time in seven (7) precincts. The election process went very well and all staff and election officials are to be commended for their efforts. In June of

this year, the Town Meeting was held in seven (7) precincts with 2258 town meeting members being present.

CONSERVATION COMMISSION

The building boom continues to inundate the Commission with applications. Thirty-six Order of Conditions were issued during fiscal year July 1, 1986 to June 30, 1987. The demand for certificates of compliance, reports, enforcement orders has created a crushing workload. Added help was desperately needed and we are thankful that Carol Ann Thompson has been hired in the capacity of part-time day help. The burden of paper work and answering calls is now in her capable hands.

There may be some confusion about the way the Commission functions and how it arrives at a decision when reviewing a notice of intent, a homeowner's request when altering a parcel of land or determining a violation.

Members of the Commission are appointed by the Board of Selectmen, after which the Commission administers the Wetlands Protection Act GLC 131, Section 40, enacted in 1974 and amended in 1977 and 1978. The interpretations of the act, its rules and regulations were reviewed, clearly defined, and these interpretations became effective as of April 1, 1983.

This means that the Commission cannot act in a discretionary manner but must follow the state laws and the defined guide lines. There have been instances when the Commission would have chosen to issue different orders than what was written but were not able to do so and remain within the interpretations.

There have been a few by-laws voted by town meeting members which involve wetlands and water resources. The Commission has the jurisdiction to administer these by-laws, but none of these are in conflict with state wetlands laws.

This board tried to review whatever comes before them in an

impartial manner. We are especially careful to allow anybody who attends a meeting to express their opinions. We welcome any information, particularly historical events which will help us to evaluate the area. We try to have technical jargon clarified for everyone to understand.

The aim of the Commission is to protect each and every land owner from the results of possible ecological abuse from the actions of his neighbor and to maintain a quality of life this community has enjoyed in the past.

Remember — we do not own the earth, it was here eons before we appeared. How long we live on this planet depends on how we take care of it. Love it, respect it, treat it tenderly.

Verna Cahill, Chairman

THE COUNCIL ON AGING

The Milford Council on Aging is located at 15 Winter Street. The center now has a full-time coordinator. Patricia Carty, the center co-ordinator, has a staff of energetic employees to assist her with her new duties at the center. The office is now in the process of securing two part-time Green Thumb workers to cover the reception area and assist with the many telephone calls that are made to the center on a daily basis. The staff also consists of a van driver to assist the elder population three days per week. Monday, Wednesday and Friday the mini-van is busy driving elders to doctors appointments, lending institutions, nursing home visits, trips to the hospital, the senior center, and many other miscellaneous requests. The shopping bus is made available to the elders every Thursday. Two buses now take seniors to shop for food and then return them to their homes.

The Milford Senior Center is unique from other senior centers

due to the fact that this senior center is open seven (7) days per week. Monday through Friday the senior center is opened from 9:00 am-9:00 pm. Saturday from 9:00 am through 5:00 pm and Sunday from 1:00 pm-5:00 pm. The Town of Milford also employs two night supervisors to monitor the senior center in the evening. Tri-Valley Elder Services has a nutrition site located at the senior center that offers lunch to the elder population Monday through Friday. Reservations must be made one day in advance. Activities now offered at the senior center are Arts and Crafts, Knitting, Bingo, Cards, seminars by health organizations, information seminars, and just plain conversation. Services provided by the center now include Food distribution, Fuel assistance for elders, S.S.I., Social Security, Medicare information, Visiting Nurse information, free dental clinic, clinics by the Milford Respiratory Association, Legal assistance, and information on discounts for elders. A monthly newsletter is also published and distributed throughout Milford.

The Council on Aging works cooperatively with all fellow Town Departments as well as the Board of Selectmen. The Council is also a member of many other aging network organizations such as the Department of Elder Affairs, Area Agency on Aging, Central Massachusetts Association of Councils on Aging, Tri-Valley Elder Services, Green Thumb, and Mass. Directors of Council on Aging.

The center is growing thanks to the strong support of the Council on Aging, Board of Selectmen and the people within the Town of Milford. The Council on Aging would like to express their sincere appreciation to all the volunteers, friends, and general supporters that have made the senior center what it is today. It is the intent of the Council on Aging to continue to establish goals that will both improve and up-grade the quality of life for our elder popula-

tion. Senior Citizens are the backbone of America and must be shown the respect that they have earned.

DOG CONTROL DEPARTMENT

The Dog Control Department is staffed on a 24-hour, on call basis by the Dog Control Officer and two assistants. Residents may call for assistance by calling 478-3871. During fiscal 1987, the activities of this department included the following:

FAIR HOUSING COMMITTEE

The Town of Milford, through its Board of Selectmen, has approved and continues to support a Fair Housing Action Plan in compliance with guidelines promulgated by the Massachusetts Commission Against Discrimination and in conformance with all State and Federal laws relevant to the provision of equal choice and housing for all individuals.

The Plan is a public document, and available for inspection in the Selectmen's Office. The Plan has been implemented through the efforts of the Fair Housing Committee with representation from the Planning Board, the Housing Authority and the community-at-large. This Committee is charged with and continues to develop a bilingual outreach program to disseminate information, the review of actions of community boards and agencies pertaining to housing, the pursuit of sources of funding for the support of fair housing activities, and the resolution of complaints concerning alleged discrimination in housing through its multi-lingual Complaint Intake Program.

On May 1, 1987 the Town of Milford received official approval as an Equitable Housing Community. The Fair Housing Committee with the help of Town and State officials are making it possible to produce new housing that will be affordable, consistent with the character of the community, and responsive to local needs.

Leonard C. Oliveri, Director
Nancy L. Ferretti, Secretary

FINANCE COMMITTEE

The Finance Committee is a 15-member Committee whose role includes the forecasting, preparation and on-going auditing of all budgetary matters concerning the Town's financial status.

In Fiscal Year 1987, the Finance Committee oversaw the administration of a \$25.5 million dollar budget. For the upcoming fiscal year, the Town Meeting approved a \$27 million dollar budget.

Many challenges lie ahead where decisions affecting the Town's finances will be significant. The loss of Federal Revenue Sharing, the strain put on our municipal services, and the escalating costs of liability insurance and health care are important factors. In addition, the full impact of the wage and salary increases brought on by the acceptance of the Olney Report is still unknown. A long-range comprehensive plan to identify and manage the capital needs of the community must be a priority item. Overruns on municipal projects in the Town also continues to be of concern.

In summary, the Town has done very well adjusting to the fiscal restraints under Proposition 2½ legislation. Our Town Treasurer and Tax Collector have done a good job of collecting revenues and investing them well.

Thank you to all department heads for their support and cooperation, especially the Town Accountant's Office, and thank you to the members of the Finance Committee for their dedication and help this past year.

Respectfully submitted,
Robert P. DeVita, Chairman

FIRE DEPARTMENT

The Milford Fire Department consists of the Fire Chief, (1) Deputy Chief, (5) Lieutenants, (33) Firefighters, (4) Call Captains, (21) Call Firefighters and (1) Confidential Clerk.

During the period of July 1, 1986, to June 30, 1987, the department responded to 2661 alarms with the breakdown as follows:

Structure Fires	72
Box Alarms	63
False Alarms	37
Motor Vehicle Accidents	224
Motor Vehicle Fires	87
Medical Assistance	626
Assistance Calls	240
Hazardous Mater. Responses	13
Outside Fires	178
Local Alarms	270
Lockouts (Auto & Home)	543
Investigations	211
Dumpster Fires	6
Oil Burner Malfunctions	7
Fluid Spills	5
Bomb Threats	4
Mutual Aid	5
Brush Fires	3
Miscellaneous	67

The following inspections and permits were issued in compliance with Chapter 148 of the Massachusetts General Laws:

Oil Burners	287
Smoke Detectors	673
Blasting Permits	180
Storage of Ammunition	16
Storage of Flammables	329
Storage of Propane	28
Christmas Decorations	11
Christmas Tree Sales	6
Tank Truck Inspections	5
Removal of Tanks	5
Open Burning	495
Inspection of Medical Homes & Hospitals	28

During the Year 1986-1987 the Milford Fire Department has, apparently due to the influx of new

industry, increased traffic and residential building, increased responses for aid over 41% from the previous year.

The increase reflects the future trends of our community and the demands on the Public Safety Departments.

If development continues at the present rate, which it in all probability will, given the amount of projected expansion before the Town Boards at the present time, the adequacy of fire protection, due to the age of apparatus now in service and the limited amount of manpower now employed by the Milford Fire Department, will be questionable in the very near future if not at the present time.

The training of personnel has been increased during the past year utilizing our resources within the department, the Massachusetts Firefighting Academy in Sudbury, and some officers attending the National Fire Academy in Emmitsburg, Maryland.

While the present apparatus is still in service and maintenance costs continue to increase each year, a 1987 Pierce 1000 GPM Pumper was delivered by Blanchard Fire Apparatus of Ashland, accepted after testing and placed into service as Engine #5.

The addition of this pumper magnified the need for additional space to house the department equipment, upgrade our communications and alarm system and to relocate to areas where decreased distances and response times would allow us to better service the public.

To this end, we have been working very closely with the Fire Station Site Committee to locate a viable site or sites that would accommodate a Fire Station or Public Safety Building.

As has been stated in the past, there is a need not only to add to the firefighting force but to also increase the supervisory staff in order to better round out the 24 hour 7 day per week availability of Chief, and

Staff Officers, better utilize On-Duty Personnel, general maintenance and to implement and maintain mandated Federal and State programs.

The officers and firefighters of the Milford Fire Department are ready for the challenge of protecting and serving the present and future residents and businesses of our community and look forward to growing with the Town of Milford.

Respectively submitted,

John A. Taddei, Fire Chief

COMMISSION FOR THE HANDICAPPED

It is with great pleasure that I submit this report of the duties, progress and accomplishments of the Milford Commission for the Handicapped.

In September, 1985, the Commission was reorganized and has been meeting on a monthly basis. Some of the powers and duties include, but are not limited to, reviewing recommendations and policies of all departments and agencies of the town: to participate in an advisory capacity concerning discrimination against the handicapped and to insure the equal status of the handicapped in education, employment, economic, political, health, legal and social spheres.

Over the past year, the Commission has sponsored town bylaws for bicycle registration and increasing the fines for parking in spaces reserved for the handicapped. Some of the Commission members have been trained as Community Access Monitors and have started working in conjunction with the Building Department to perform on-site access surveys on all town owned properties, privately owned businesses and local industries.

I would like to take this opportunity to thank the town department

heads and especially the Board of Selectmen for their support and cooperation.

Respectfully submitted,
Robert P. Burns, Chairman

BOARD OF HEALTH

The following is a summary of the Health Department's responsibilities and activities for the past fiscal year. The Board is located on the second floor of Memorial Hall. The Chairman of the Board was Kenneth C. Evans. Other Board members were Gerald Hennessy and Joseph F. Power. At the end of his term Mr. Evans chose not to run for re-election. Mr. Evans, during his many years as a Board member, contributed many ideas and instituted several programs still being implemented. The Board thanks him at this time. Leonard Izzo was welcomed to the Board in April when he was elected. Mr. Paul Mazzuchelli, Registered Sanitarian is the Health Officer and is in charge of all activities.

Food Service Establishments

John Consoletti, Health Inspector conducted a series of inspections of retail markets, restaurants, private clubs, day care centers, nursing homes, and hospital and school cafeterias to ensure that these establishments conform to the State Sanitary Code, Chapter 10. There are 75 establishments serving food, plus 30 retail markets, 7 caterers, 6 mobile food servers and 4 bakeries.

Housing Inspection

Housing inspections were conducted on a regular basis in answer to numerous complaints charging landlords with a variety of violations. All complaints were answered and violations were corrected to the

satisfaction of the Board, or legal action was taken by the Board to bring property into compliance with the State Sanitary Code, Chapter 2.

Gas Inspections

All gas work must be inspected and the gas inspectors must approve the permits and work before any gas may be turned on. Approximately 300 gas permits were taken out last year, and all work inspected.

Sub-Surface Sewage Systems

Michael Santora, P.E. RLS, must approve all septic system designs and installations. The Board hired Henry Pyne to assist with perk and deep hole tests. The Board also raised the fees for septic systems. Seventy-eight perk and deep hole test permits were granted and thirty-five septic system permits were taken out.

Residential Rubbish Pick-Up

Last year was the second year of a three year contract with the Blackstone Valley Disposal Service for residential rubbish pick-up. Residents with any complaints are asked to call the Company at 1-800-527-4330.

Transfer Facility

The Board of Health operates a transfer station which is located on Cedar St. The hours for this facility are 8:00 a.m. to 12:00 noon and 1:00 p.m. to 3:30 p.m. on Thursdays and Fridays. It is open from 8:00 a.m. until 4:00 p.m. on Saturdays. The Board instituted a dumping permit fee and increased the disposal fees in order to defray the high tipping fees we have been faced with, and which increase yearly. Joseph Comastra and James Giacomelli are the attendants.

Nursing Services

The Board once again contracted with the Visiting Nurse Association and was pleased with the continued

excellent services provided the townspeople. Several well child, screening and education clinics were held as well as Influenza clinics. The above clinics were free. They also provided a limited number of free home health visits and provided therapeutic services to individuals who elect to pay privately on a sliding fee scale.

Rabies Clinic

The Board sponsored a rabies clinic conducted in April by Dr. Richard Heller, DVM. All dogs must be vaccinated against Rabies before they will be licensed.

Dental Program

The Board hired Kathy Dengos, Dental Hygienist, to provide a dental program for children, grades K through 6. This position was part-time.

School Nurse

The Board provides a school nurse two days a week for the Catholic Elementary School. Her duties include assessment and evaluation of the student's health, vision screening, hearing tests, fluoride rinse program, assisting with physical examinations, and record keeping.

The Board also erected a new chain link fence at the former Sanitary Landfill on Cedar St., which they contracted for with the City Fence and Ironworks Company of South Attleboro.

It should also be brought to the attention of Milford residents, that in August of 1986, the Board was ordered by the Department of Environmental, Quality Engineering to properly cap the former sanitary landfill on Cedar. The site is a nineteen plus acre site and borders the Cedar Swamp Pond. The sum of \$17,000.00 was appropriated to initiate a study of proper closure procedure. The Board is making every effort to comply with this order.

HIGHWAY DEPARTMENT

The Department's general maintenance work continued as usual. Crews patched and cleaned basins, hot topped various locations, swept streets and sidewalks, repaired equipment, cut brush, chipped brush, cleaned debris from roadsides and brooks, repaired walls at various locations in the brooks, replaced street and square signs, replaced traffic signs at several locations, painted crosswalks and traffic lines and assisted all other Town Departments when necessary.

The Highway Department operated with 19 employees:

- 1 General Foreman
- 2 Working Foremen
- 1 Master Mechanic
- 1 Heavy Equipment Operator w/Backhoe License
- 8 Heavy Equipment Operators
- 5 Light Equipment Operators
- 1 Light Mechanic

The Office consists of Highway Surveyor and Assistant to the Highway Surveyor.

During the Past fiscal year the following projects were completed:

Resurfaced with Bituminous Type I Concrete:

- North Vine St.—from Congress St. to Highland St.—1,796'.
- Main St.—from Water St. to Rte. 140—2,720'.
- Main St.—from Congress St. to Central St.—602'.

- Purchase St.—from Dilla St. to Harris Ave.—2,200'.

Reconstructed & Resurfaced with Bituminous Type I Concrete

- Taft St. at Harding St.—383'.
- Harding St. at Taft St.—280'.
- West Fountain St. Ext.—from Highland St. to Taft St.—278'.
- Reservoir Rd.—from Joan Circle to Whitewood Rd.—1,645'.
- Asylum St. — from entrance to

condo's a distance of 818' north westerly from starting point.

Y St.—from Highland St. to Harding St.—467'.

Congress St.—from No. Vine St. to Silverhill Rd.—2,996'.

Drainage:

Corner of Temple St. & Treeland Dr.

Bethel Road.

New Sidewalks:

Highland Street.

Reconstruction continued on Highland St. which began in March of 1986. Approximately 4,000' of sidewalk was installed. Curbing was installed from West Fountain St. to University Dr. consisting of 3,900'.

Tree Department

Removed a number of dead trees around town which were replaced with new Crimson King maples. During the April snow storm approximately 15-20 trees were damaged. Also a number of tree branches were damaged which were left along the roadside for the chipper to pick up.

Grounds Division

Repaired sprinkler system at High School. Repaired soccer, field hockey and football fields. Also repaired girls field hockey and softball field. Reseeded all the fields at various schools.

Snow Removal

The winter was one of the most severe ones we've ever had. We plowed 11 times and we salted and sanded a total of 19 times.

HISTORICAL COMMISSION

The Commission held its annual open house in the auditorium of the new Milford Library. The program featured a talk by local commissioner Ann Lamontagne on the life and times of General William F. Draper and Daniel Chester French.

The accomplishments of Mr. French as a noted sculptor were highlighted. He designed and sculpted the Draper monument.

Restoration continues at the Little Brick School House. The Town Engineer reviewed and recommended structural repairs to the schoolhouse. Repairs and restoration remain an ongoing project.

The restoration of the World War I Howitzer on the grounds of Memorial Hall will be completed by the end of August. This cannon was supposedly used in the Argonne Forest battle. The cannon balls acquired in 1930 will also be reassembled and secured for display. George Heatherington of the Uxbridge Minutemen is handling the restoration of the Howitzer and the cannon balls.

Artifacts donated to the historical museum continue to enhance Milford's heritage. Recently a postcard written to Samuel Hayward, Esq., and signed by Rev. Adin Ballou was donated by Kristen Person. Rev. Ballou had requested information about Hayward's family for the geneology section of "The History of Milford."

A wooden case, used by General Draper, located in England by Alexander Johnston of West Sussex, England was donated to the Commission. This wooden case is truly a museum piece. It is thought to be a gun case.

Until the completion of Town Hall renovation, the Historical Commission will continue to meet in the homes of its members. The Commission anxiously awaits the reopening of its office and museum in the Memorial Hall Cultural Center. The Cultural Committee has granted the Commission space in the former reference room of Memorial Hall.

The Commission coordinated an inter-board meeting to discuss the preservation of Draper Park. All town boards agreed to maintain the historical character of the park.

Robert M. Andreola, Chairman

MILFORD TOWN LIBRARY

Fiscal 1987, the first full year in the "new" Milford Town Library, has been a year of tremendous growth, not only in services to the community, but also in library collections and materials.

For example, the Milford Town Library now can offer its patrons records, audiotapes, and a very popular videotape collection. The book collection has been increased by 7,141 hard cover volumes — 1,688 for the children's collection and the balance devoted to adult and young adult books. Naturally, although the collections are growing, anyone using the library notices that materials in the Milford Town Library are still very limited. A community with a population the size of Milford should have a book collection of approximately 100,000 volumes. Milford's current book collection is 35,311. If everyone in Milford came to check out books at the same time each person would be able to borrow fewer than 1½ Books.

Much of the collection development is funded by town meeting action. But gifts to the library also help increase the collections. During Fiscal 1987, 52 books and three video tapes have been added to the collection through a donation from the Milford Vietnam Servicemen KIA Memorial Fund Committee. Individual donations and memorial gifts of approximately \$500.00 allowed the library staff to apply for a \$500.00 matching fund grant from the National Endowment for the Humanities to establish a Bicentennial collection on the U.S. Constitution.

A gift of \$1,000.00 from the Milford Federal Savings and Loan Association was used for the purchase of a VCR and color monitor. The equipment is used for library programs, cable reception, and future research as the library

develops a collection of Town Meeting video recordings.

To extend services to the public, a second public access typewriter was purchased for the quiet room. Available free of charge to interested patrons, the two typewriters were used a total of 480 times during Fiscal 1987. The quiet rooms were used an additional 779 times for individual or small group study.

The Meeting Room, available for public use, is free to nonprofit groups. In Fiscal 1987, 116 groups used the Room; including library programs the Room was used a total of 183 times.

One statistic of interest to library users is circulation which is the number of items borrowed from the library. Fiscal 1987 circulation is 122,758, increasing from 72,072 in Fiscal 1986. Although circulation is an important library statistic, a number of patrons never borrow materials from the library. Instead, they use the facility for research, quiet study, library-sponsored or other group meetings, and keeping up with current periodicals and newspapers. In Fiscal 1987, a total of 118,169 people came into the library for informational, educational, or recreational needs.

Fines collected in Fiscal 1987 total \$7,559.30. That is an increase of 98+ per cent from Fiscal 1986 when fines totaled \$3,809.24. Contrary to popular belief, the library cannot keep the money to supplement its budget. Fines are returned to the General Fund of the town.

One of the most important services the library staff offers to patrons is assistance with reference and informational questions. Under the direction of Margaret Rosetti, Supervisor of Adult Services, a total of 15,653 reference questions were answered in Fiscal 1987, including 1,805 reference questions by telephone, and 16 questions by mail. These figures indicate significant reference service growth compared to reference services for the previous fiscal year when a total of 8,810

questions were answered. The Milford Room historical materials are being cataloged; and a number of old clippings were encapsulated for preservation by Merrily Sparling, Assistant Reference Librarian. Genealogical research was carried out by 120 patrons.

Irene Conrad, the Young Adult Assistant Librarian, accepted volunteers for a Young Adult Advisory Council that help plan programs for teens, including a Summer Reading Program, a Fashion Show, two Rock Concerts featuring Milford High School students, and an original puppet show prepared for pre-schoolers. The Council also baked cookies for Senior Citizens for Valentine's Day.

Services for pre-school through sixth graders reached an all time high as 6,405 children attended 324 programs offered through the year. Programs included storyhours, toddler time, crafts, Saturdays' Alphabet Soup, Bringing Books Alive, and one-of-a-kind programs such as The Second Annual Doll Picnic with guest folk singer Kim Boudreau. Barbara LaConte and Janet DaSilva, the Assistant Children's Librarians, spoke to all the classes of school-age children in school assemblies in June to encourage children to get involved in the Summer Reading Program. In Fiscal 1987, 325 children participated in "Read to the Outer Limits," reading approximately 2,000 books, and enjoying the numerous activities with space related themes.

Some of the programs for adults included Color Me Beautiful, vegetable gardening, a 5-week series on nutrition, "Let's Talk About It" (a 6-session book discussion group on Families), and the Second Annual History of Jazz Concert (funded in part by a grant from the Milford Arts Council) during Black History Month. Helen Macarof, Supervisor of Technical Services, successfully applied for a grant of \$750.00 from the Milford Arts Council for a 4-part Chamber Music Series. A

variety of Chamber groups from the Milford Symphony performed at the first concert in June. The series will continue into the next fiscal year.

The Milford Town Library is a member of Laubach Literacy International. Twenty-three tutors were trained during a 12-hour workshop in September, 1986. Tutoring is available on a one-to-one basis for the purpose of helping adults learn to read. The Library supplies the materials for the tutors. Literacy is one of the American Library Association's primary concerns, and the Milford Town Library is pleased to be extending this important service to local individuals.

There were relatively few changes in the staff during Fiscal 1987. Phyllis Green, left for a family move to New Hampshire. Timothy Dowgiert was hired on August 4, 1986 to replace her as Assistant Circulation Librarian. Johnna Ambrogi was hired in October to replace Joselyne Noyon-Bisiccia, who started a degree program at Framingham State. Lois McAuliffe resigned as Supervisor of Children's Services to go into business for herself. The most historically significant staff change is the retirement of Malvina "Muffy" Consoletti after nearly 23 years at the Milford Town Library. Mrs. Consoletti has been an important staff member; being largely instrumental in the implementation of the Dewey Decimal System in the Milford Town Library. The Town has lost a valued employee through retirement.

On Christmas Day, 1986, the Library was severely damaged by a sewer backup which caused the ground level of the library to be covered with approximately ten inches of raw sewage. Through the rapid attention of George Daoust and Kevin Kellet, the library's maintenance staff, damage was kept to a minimum. An excellent cleaning company came to disinfect the library carpets and walls. Through

Special Town Meeting action \$34,000 was appropriated to repair the damages and re-route the sewer line. By the end of June, Fafard Construction Company (in a gift to the Town) has re-routed the sewer line. The walls have been repainted, and a carpet replacement bid has been awarded to Morin Supply Co. Throughout the entire repair process the Library has been closed to the public for three days at the initial backup, and one day in June when the electrical wiring to the building was accidentally cut.

The Board of Library Trustees meets on the second Wednesday of the month in the Milford Room at the Library. Meetings are open to the public. In the April election Mr. Paul Raftery was re-elected for his 16th term, and Dr. Richard Heller won a seat on the Board of Library Trustees.

The Friends of the Library purchased a second copy machine for staff and patron use. Funds collected from copies made by the public are used to support programs at the library, such as one concert in the Chamber Music Series and free Museum passes to Boston Museum of Science, Museum of Fine Arts, and the Boston Children's Museum. In Fiscal 1987, the passes were borrowed 223 times. The Friends also sponsor two Book Sales, usually in the spring and the fall. Milford residents are invited to become a Friend of the Library. The Milford Town Library also has a pass to Garden in the Woods which was donated for patrons by a private family.

The Trustees, Staff, and Friends of the Library wish to take this opportunity to thank Milford for its fine support of the "new" Library. Hopefully, in the following years, as the Library collections grow and as new technologies and interests in the community come to the attention of the Library staff, the Library will continue to meet the needs of the community.

Sondra Vandermark, Director

EMILIO A. PIGHETTI

"Emilio A. Pighetti, the second senior member of the Board of Library Trustees came to the board on September 21, 1943 after appointment by a joint meeting of the Trustees and the Selectmen to fill a vacancy created by the resignation of Mr. Robert Cenedella. He was nominated by Selectman Adam Diorio and seconded by Trustee Paul F. Raftery.

"Mr. Pighetti has served us well and too, so often, throughout the town with his ubiquitous committee memberships.

"Even today at his ever-active age of 88 years young... Mr. Pighetti is not only a member of the Board of Library Trustees, but he also serves just as actively on the Library Building Committee, where he has amassed a record of perfect attendance; the Geriatric Authority of Milford and the Off-Street Parking Commission.

"He has served the trustees as chairman on seven separate occasions and consecutively in 1959-1961 and again in 1972-1974.

"An immigrant to these shores at the age of twelve, Mr. Pighetti represents the finest tradition of service to one's community."

From remarks by Chairman Paul Curran at the dedication ceremonies of the new Milford Town Library, April 6, 1986.

Emilio A. Pighetti, who has served as a trustee of the Milford Town Library for 44 years, notified Town Clerk Joseph Arcudi yesterday that he will not seek re-election to the Board of Library Trustees in

the annual town election in April.

Pighetti, 89, who is the oldest active town official in Massachusetts, cited his wife's failing health as the reason for his withdrawal.

Milford Daily News
January 30, 1987

The following "RESOLUTION" was passed by unanimous vote of the Board of Library Trustees at the February 26, 1987 meeting:

Whereas, Emilio A. Pighetti has served the Milford Town Library faithfully and with dignity since September 21, 1943, when first appointed as a Library Trustee, and

Whereas, He has now announced his desire to retire as a Trustee of the Milford Town Library after Forty-four years of continuous, loyal and impartial service,

Therefore Be It Resolved, That as a tribute for his service and in gratitude to this most worthy servant of the people of Milford,

Be It Further Resolved and Voted That Emilio A. Pighetti be named TRUSTEE EMERITUS of the Milford Town Library.

OFF-STREET PARKING COMMISSION

The Off-Street Parking Commission held 12 meetings during fiscal year 1987. With the approval of Police Chief Liberto and Auxiliary Police Captain Ferrucci, the auxiliary police have been utilized for parking meter enforcement and collection of meter revenue in municipal parking lots #1, #2 and #3. The Off-Street Parking Commission also approved the issuing of parking meter stickers for parking lots #1, #2 and #3 for a trial period of three months, beginning July 1, 1987. These stickers will be issued to employees and businesses of the Main Street shopping area. Cost of

stickers for lot #1 was \$126, for lot #2, \$65 and for lot #3, \$45. Total collection of meter revenue for fiscal 1987 was \$51,130.50.

OFFICE OF PLANNING AND ENGINEERING

Michael Santora, P.E.
Town Engineer

Martha L. White
Town Planner

The Office Planning & Engineering consists of the Town Engineer and Town Planner, who serve as consultants to all Town Departments with primary responsibility to the Board of Selectmen, Planning Board and Conservation Commission.

The office is of key importance to the Town, particularly in light of the unprecedented economic growth the Town has experienced.

In the past year several large Fortune 500 Companies have opened new facilities in Milford's two industrial areas. Commercial development, with the opening of one major and several smaller shopping centers, has remained strong. Residential development has also kept pace with the approval of two new Planned Residential Communities and several new subdivisions.

In addition to providing engineering and planning expertise for the various Town Boards and Commissions, this office actively pursues state and federal grants as well as commitments from private developers to upgrade and improve the Town's road and utility systems, to minimize impacts of the various developments.

The major projects the office has been involved with over the past year are:

- *Reconstruction of Birch Street and new construction of Bear Hill Industrial Access Road
- *Planning and design of improvements to the Beaver Street and Upper Central Street
- *Main Street traffic management
- *Route 109 widening and reconstruction and Route 109 Bridge removal
- *Planning and design of signalization at Fortune Boulevard/Cedar Street/Dilla Street and Fortune Boulevard/East Main Street/Beaver Street intersections.
- *State approval of signalization for Fountain Street/Congress Street & Dilla Street/Purchase Street intersections (Pending State or Federal funding)
- *Reconstruction and widening of Route 16 at Quarry Square shopping center
- *Completion of Edward's Field Recreational Area
- *Town Park Phase II Renovations
- *Opening of Fortune Boulevard Industrial Road
- *Town Hall Renovations.

PARK DEPARTMENT

Phase II for Town Park has been approved. Work will include installation of underground wiring for the lights which will line the walkways and the renovation of the comfort station. The second phase of new bleachers at Fino Field have been installed. Also, new lights in the parking lot and new hot-top. The initial work for renovations to Draper Park commenced.

The base on the monument at Calzone Park has been renovated. Repairs at the municipal pool continue with additional sealing at seams and painting.

Future plans include the restoration of General Draper statue,

hiring a full time Director of Parks & Recreation, and maintenance of school fields as well as the parks and fields under the jurisdiction of the Park Department.

Meetings are held weekly on Tuesday evenings.

PERSONNEL BOARD

The Personnel Board is responsible for setting Wage and Salary Levels of any new employee and the classification of any person seeking employment in the Town of Milford.

The Board also reviews salaries, salary structures and job descriptions required by law. The Personnel Board meets approximately twice a month and more often when preparing Article 2 for Town Meeting.

Salary structures are prepared by the Personnel Board, under Article 2 of the annual Town Warrant subject to Town Meeting approval.

The Board meets with any town employee that falls under its jurisdiction, with the approval of the Department Head. The Personnel Board also mails information to numerous towns requesting salary and job descriptions for comparison.

Upgrading and clarity of the Personnel Board by-laws were addressed and changes were made from previous years.

The Board has received the study conducted by the Olney Associates. This study will be implemented in stages with the current salary and administration plan.

PLANNING BOARD

The Planning Board meets regularly on the first and third Tuesday of each month. Special meetings are scheduled as required by the volume of the work to be processed. The board is presently meeting at the Senior Citizens' Center at 15 Winter Street and meetings start at 7:30 P.M. All meetings are posted at the office of the Town Clerk, as required by law, and dates and times of our meetings may be confirmed by consulting the meeting notices.

The Planning Board's statutory authority embraces the following procedures:

Processing of the subdivision of land.

Site Plan Review hearings leading to construction of buildings and for use of land.

Granting of Special Permits for Housing for the Elderly and for Planned Residential Communities (condominiums).

Reviewing petitions for variances and special permits submitted to the Zoning Board of Appeal for recommendations to the Z.B.A.

Conducting public hearings for Chapter 121A Tax Agreements with subsequent recommendation to the Board of Selectmen.

Reviewing amended road layouts of public ways for recommendation to the Town Meeting.

Reviewing and approving acceptance of streets into the Town's public ways, with recommendation to the Town Meeting.

Holding public hearings for zoning amendments submitted to the town and preparing reports on the matters for the Town Meeting.

Residential, commercial and industrial development continued at a rapid pace during FY 1987. The perpetual inventory of subdivision lots already approved and of public street frontage lots available for construction for residential uses was compiled as of June 30, 1987. On that date 526 lots were eligible to

obtain building permits. In addition one Planned Residential Community of 60 units was approved.

The number of dwelling units (single homes, two family homes and P.R.C. homes) eligible to be built on the approved lots totals 619 units. In addition, subdivisions containing 72 lots are in process and pending approval.

During FY 1987 the Planning Board processed 48 Variances and Special Permits; held 24 public hearings for Site Plan Review; processed 24 Waivers from Site Plan Review; conducted 13 public hearings for amendments to the zoning bylaw; processed 8 Preliminary subdivision submissions; processed and held public hearings for 6 Definitive subdivision plans; conducted a public hearing and processed a 60 units Planned Residential Community proposal; reviewed and signed 64 81-P plans; held one public hearing on an application for a 121A tax agreement.

The following subdivisions were approved during Fiscal Year 1987:

Oakwood Acres	
Off S. Central St.	9 Lots
Whitewood at Mill Pond	
Off Whitewood Rd.	54 Lots
Belair Homes	
Cypress Rd.	5 Lots
Beaver Brook Estates	
Maple & Beaver Sts.	29 Lots
Wendy Estates	
Wildwood Drive	2 Lots
Christopher Estates	
Off Bay Rd.	12 Lots

The Planning Board collected \$18,400.00 in submission fees which was placed in the General Fund.

Respectfully submitted,

John B. Tessicini, Chairman

Seena Heller, Secretary

POLICE DEPARTMENT

I would like at this time, to thank the Board of Selectmen, Finance Committee, and Town Meeting Members for their cooperation during this past year. Without their assistance, this department would not have succeeded in attaining its intended goals.

I am pleased to announce that Sergeant Peter B. Veilleux, being the first officer from this department, did attend and graduate from the Federal Bureau of Investigation National Academy. Major areas of study were, Behavioral Science, Constitutional Law, Forensic Science, Education-Communication Arts, and Management Science.

During this past year, Milford was honored with its first female police officer in its history, Lucia Chioda. Lucia is now working a permanent shift after successfully graduating from the Foxboro State Police Academy.

This Department will continue to strive in attaining a high level of professionalism in serving the needs of the community.

MILFORD SCHOOL COMMITTEE

Thomas M. Cimino
Superintendent of Schools

Computer education was moved one step closer to twenty-first-century capabilities with the addition of laser discs for use in high school biology and science courses. Students and teachers will be trained to use the discs, which contain several hundred movies complete with stop action capability, to study the human heart, kinetics and space, for example. Information is presented in both English and Spanish.

All teachers, K-12, in all subjects were trained to use the Madeline Hunter model of systematic teaching during the 1986-87 school year.

The writing program produced three publications of student poems, short stories and essays and one national award from the National Council of Teachers of English. One publication was devoted to the works of elementary students, one to the works of middle school special education students and a third, "Hawktalk," to the works of ninth grade students.

The prestigious Teacher of the Year award was presented to Jo-Ann Morgan (Elementary), Susan Gala (Middle) and Pamela Bettuelli (High School) in recognition of outstanding contributions to the quality of education in the Milford schools.

Once again, Milford students were accepted at some of America's outstanding universities. For the fourth time in five years, a student was accepted at Harvard. Other students were accepted at Boston College, Tufts and Brown.

Special Features of Milford High School included:

—Advanced Placement in European History, American History,

Calculus, Biology, Physics and English

- Extended curricula and internships
- Dean Jr. College Honors Program
- After-school enrichment programs
- Early release work-study programs
- Extensive theater, instrumental and choral activities
- Summer school remediation or enrichment
- Extensive Adult Education Courses
- Campus Center for Northeastern University Continuing Education Courses
- Test Center for College Board Examinations, NLN tests and G.E.D. tests
- Annual booklet of local scholarships
- Full-time Media Center Director
- National Honor Society for selected Juniors and Seniors

Special Features of Milford Middle School included:

- Reading is a major subject which meets every day.
- Students are prepared for advanced placement in the high school in the areas of Math and Foreign Language.
- The school(s) are broken down into eight (8) little schools, known as clusters.
- Students participated in a maximum of three (3) field trips per school year.
- Energetic, enthusiastic and dedicated staff.
- Several programs which motivate students to achieve academically, (i.e. — Principal's List, Student of the Week, Letters of Recognition, Cluster Awards Programs).

Chapter I programs were conducted in reading at the elementary level and in math at the secondary level.

Bilingual programs were conducted at the elementary level with the emphasis shifting to English as a

Second language (ESL) in grades 6-12.

A full range of Special Education services was offered for special needs students 2½ to 22 years of age.

THE MILFORD COMMUNITY SCHOOL USE PROGRAM

This past year has again been a most successful one for the Milford Community School Use Program. Our program offerings were well-attended and, hopefully, enjoyable to the residents of our community.

Our comprehensive Pool Program has returned and again made a significant impact on our town. Our new membership plan was instituted and will continue.

The Milford Community School Committee, the 12-member advisory committee meets on the second Monday of every month in the Teachers' Resource Center at Milford High School.

A new addition to our program this past year was the implementation of Kids' Kamp, a vacation program held during the day at Milford High School. This program was warmly received and will now become a permanent fixture.

Some of our programs include:

Baseball Camp
Basketball League
Community Summer Camp
Gymnastics
Pre-K Camp
Soccer Clinic

Special Needs Camp
Tennis Clinic
Weight Training Camp
Co-Ed Volleyball
Girls' Volleyball
Youth Wrestling
Biddy Basketball
Itty Biddy Basketball
Men's Basketball League
Over-30 Basketball
Ski Program
M.H.S. Pool Program
Adult Education Program
M.H.S. Open Gym Program
M.S.E. Open Gym Program
Golf Program
Milford Theatre Guild
Kids' Kamps

Residents are also reminded that suggestions and ideas for new programs are always being solicited. Please call the Community Program Office with any new ideas.

I would like to again extend my appreciation to the Milford School Committee, the Superintendent of Schools, the Milford School Department, and the other Town boards and agencies for their support and cooperation during the past year.

Finally, I would like to extend my sincerest thanks to the twelve member Milford Community School Use Committee for their devotion and support in continually striving for a comprehensive and

enjoyable program for all our residents.

Respectfully submitted,
Louis J. Celozzi, Director
Milford Community School

SEALER OF WEIGHTS AND MEASURES

In compliance with the provisions of Massachusetts General Laws, Chapter 98, Section 41 as amended, all persons have been notified that scales, pumps and measuring devices for the purpose of buying and selling of goods are to be tested, adjusted and, if necessary, sealed. Following such notification, all places of business in Town of Milford have been inspected.

Fees generated from sealing the above mentioned devices are returned to the Town of Milford.

During the fiscal year ending June 30, 1987, \$923 was collected and deposited to the Town's general fund.

Inspections: 134 Sealed Gas Pump
10 Oil Trucks
128 Scales

BOARD OF SEWER COMMISSIONERS

The Board of Sewer Commissioners is pleased to report the successful completion of the one year startup period for the Town's new Advanced Wastewater Treatment Facility. The new \$18 million facility has the capacity to treat over 4 million gallons per day before discharge to the Charles River. The new facility is capable of meeting or exceeding the strictest discharge permit in the State.

The contract for construction of the East Main Street relief sewer will be advertised late this fall with actual construction starting in the Spring of 1988.

The reconstruction of the existing Rt. 495 Pumping Station and the Birch Street Pumping Station are both in the early design stage. Negotiations are underway with several developers to share in the costs of the planned improvements.

The Board of Sewer Commissioners are actively engaged in the process of planning to upgrade an aging collection system to meet the needs of our growing community.

COLLECTOR OF TAXES

It is with great pleasure that I make this year's report of the Collector of Taxes.

My office has just completed its most successful year in the collection of the property taxes for the Town of Milford. At fiscal 1987 year's end, this office had only 2.8 percent of the total commitment of current property taxes outstanding.

The Tax Collector also put only three parcels into tax title during the fiscal year and I am happy to report that all three were redeemed by the taxpayers.

I would like to take this opportunity to thank all the departments of the Town with whom this department has worked for their cooperation during this past year.

My special thanks go to my staff, Joan Sanchioni, Paula Fortin and Jeanne LeBlanc for their untiring efforts in helping to make this a record year.

Robert J. Andreano
Tax Collector

VERNON GROVE CEMETERY DEPARTMENT

The Trustees of Vernon Grove Cemetery submit the following report for fiscal year ending June 30, 1987. Sale of lots total 39 graves for this year and interments total 42. A gift from the estate of Avis Miller Pond for the sum of \$1,114.96 was received for the Vernon Grove Cemetery. A reorganization meeting was held April 8, 1987. There was an agreement to keep the same slate of officers as last year.

DEPARTMENT OF VETERANS SERVICES

The Town of Milford has been granting financial and medical assistance to the needy veterans since the Civil War. Today this program is administered by the Veterans' Service Department.

There are both benefits and services accorded to the veteran,

benefits which relate to food, clothing, shelter and medical care for veterans of all wars and to their dependents. Services include VA Compensation, Pensions, Rehabilitation, Counseling, Social Security, Supplemental Security Income and all other Federal benefits that may be due to a veteran and his dependent.

Under Massachusetts Law, benefits received by veterans are paid for by the State and Town. Each year Milford budgets in excess to \$250,000.00 for its assistance to veterans. The Town receives 75% reimbursement from the Commonwealth.

Any person who has proof that he, or she, is a veteran, or a dependent of a veteran is entitled to file an application. Well over half of all residents in town have actual, or potential entitlement.

Veterans Benefits is a selective program, based upon certain conditions established by law. The following are the three principal requirements:

1. War time service with a separation or discharge under honorable conditions.
2. Legal residence in the Town.
3. Financial need.

This past year proved to be a very active year regarding the veterans' service department and a difficult year to achieve savings that otherwise could have resulted in a very larger appropriations in our "Veterans' Benefits Account."

The ability to accomplish these savings is due to the superb dedication to work and the goals and objectives of this Department of providing the maximum amount of benefits and services at the minimum amount of cost to the Town by each employee of this Department. This resulted in an extra effort by each employee and which often required extra work hours by some employees. It is to be noted and commended that the extra work hours involved no added cost to the Town.

It would be impossible to accomplish such savings if we were to have any further reductions in personnel. The maximum effort of each employee to cooperate with the private, city, state and federal agencies also contributed toward the following savings to the Town in Fiscal 1986 (as outlined in this report).

The following savings were accomplished:

1. Use of VA Hospital and Med. Facilities	\$ 30,000.00
2. Processing of Claims, thereby removing from our rolls or reducing ben.	306,288.00
3. Auditing of bills, preventing overcharges or duplicating payments, etc.	<u>32,232.00</u>
Total Savings	\$368,520.00

In Fiscal 1986, we averaged the following:

Tel. contacts	200 per month
Office contacts	600 per month
New Applica.	20 per month

In Fiscal 1986, the Town of Milford received \$208,500.00 in reimbursements from the State. We also recovered from Workmen's Compensation and Accident Insurance and Real Estate Liens the sum of \$34,138.00 or a total of \$242,538.00.

In regards to federal money coming into the Town of Milford in the past fiscal year from the Veterans Administration, the amount was \$2,202,575.00. The major amount of this money went directly into the economy of the Town and the private sector. It is to be noted that more than fifty percent of this money is the result of work done by this Department and this amount is over the amount of money saved by use of VA Medical Facilities.

Veterans Population	
Veterans estimated ages by wars:	
Vietnam	39.7
Korean Conflict	55.8
World War I	89.1
World War II	65.1

Overall average 53.4
Criticism has been the reaction, at times, to Veterans Programs, from all walks of life. But, I feel very strongly that the veterans and their dependents have received full consideration and accorded special attention to benefits administered under Federal and State Statute.

This goal has only been achieved through the understanding and compassion of the Board of Selectmen, who have given of their efforts to insure that the Veterans Service Department's justifiable monetary benefits are met. The town has granted and fulfilled the needs of those who served.

Through the years the Veterans' Service Department administered benefits to our veterans efficiently and effectively within our capacity, but the only way this is achieved is due to the following people and their respective agencies:

Board of Selectmen
John Halachis, Commissioner of Veterans' Services and Staff
James Maye, Director,
VA Regional Office, Boston and Staff
Senator Louis P. Bertonazzi
Representative Marie J. Parente
Local Veterans Organizations
My most efficient and courteous staff

My sincere thanks and appreciation to each for their assistance in making my job easier.

Respectfully submitted,
Anthony J. Mastroianni, Director

REPORT OF THE WAR MEMORIAL COMMISSION

The commission hereby submits its progress report as to its status to date.

After many hours and exhaustive deliberations as to a new site and new design your commission has met with members of the Board of Selectmen reporting that our Memorial honoring Veterans of WW 2, Korean and Vietnam will be located in Calzone Park. Our chosen design will be of Milford Pink granite which will hold bronze plaques listing over 3500 names of veterans who served during the above wars.

With the cooperation of the Park Commission and Highway Department, we plan to beautify the Park to accept our long awaited Memorial.

Your Commission expresses its sincere thanks to the Board of Selectmen, Park Commission, Highway Department and Town Meeting members in appropriating money necessary to defray this cost.

Respectfully submitted,
Anthony J. Mastroianni, Chairman
War Memorial Commission

MILFORD YOUTH COMMISSION

Today's youth problems (loitering, drugs, alcohol and the need for socialization on a Friday or Saturday night) are what prompted the Youth Commission to go into action and offer the young people of Milford a variety of interesting, enjoyable and informative activities. The initial focus was given to the high school-age youths because of an apparent need for attention in this area.

Thanks to the support and help of many people, the Commission experienced a very successful first year with the following activities:

A dance featuring Boston's Disc Jockey Charles Laquidara.

A Drug and Alcohol Play entitled "Eddie Was Here."

Alcohol program presented by the C.A.R.E. Nurses from the Milford Hospital.

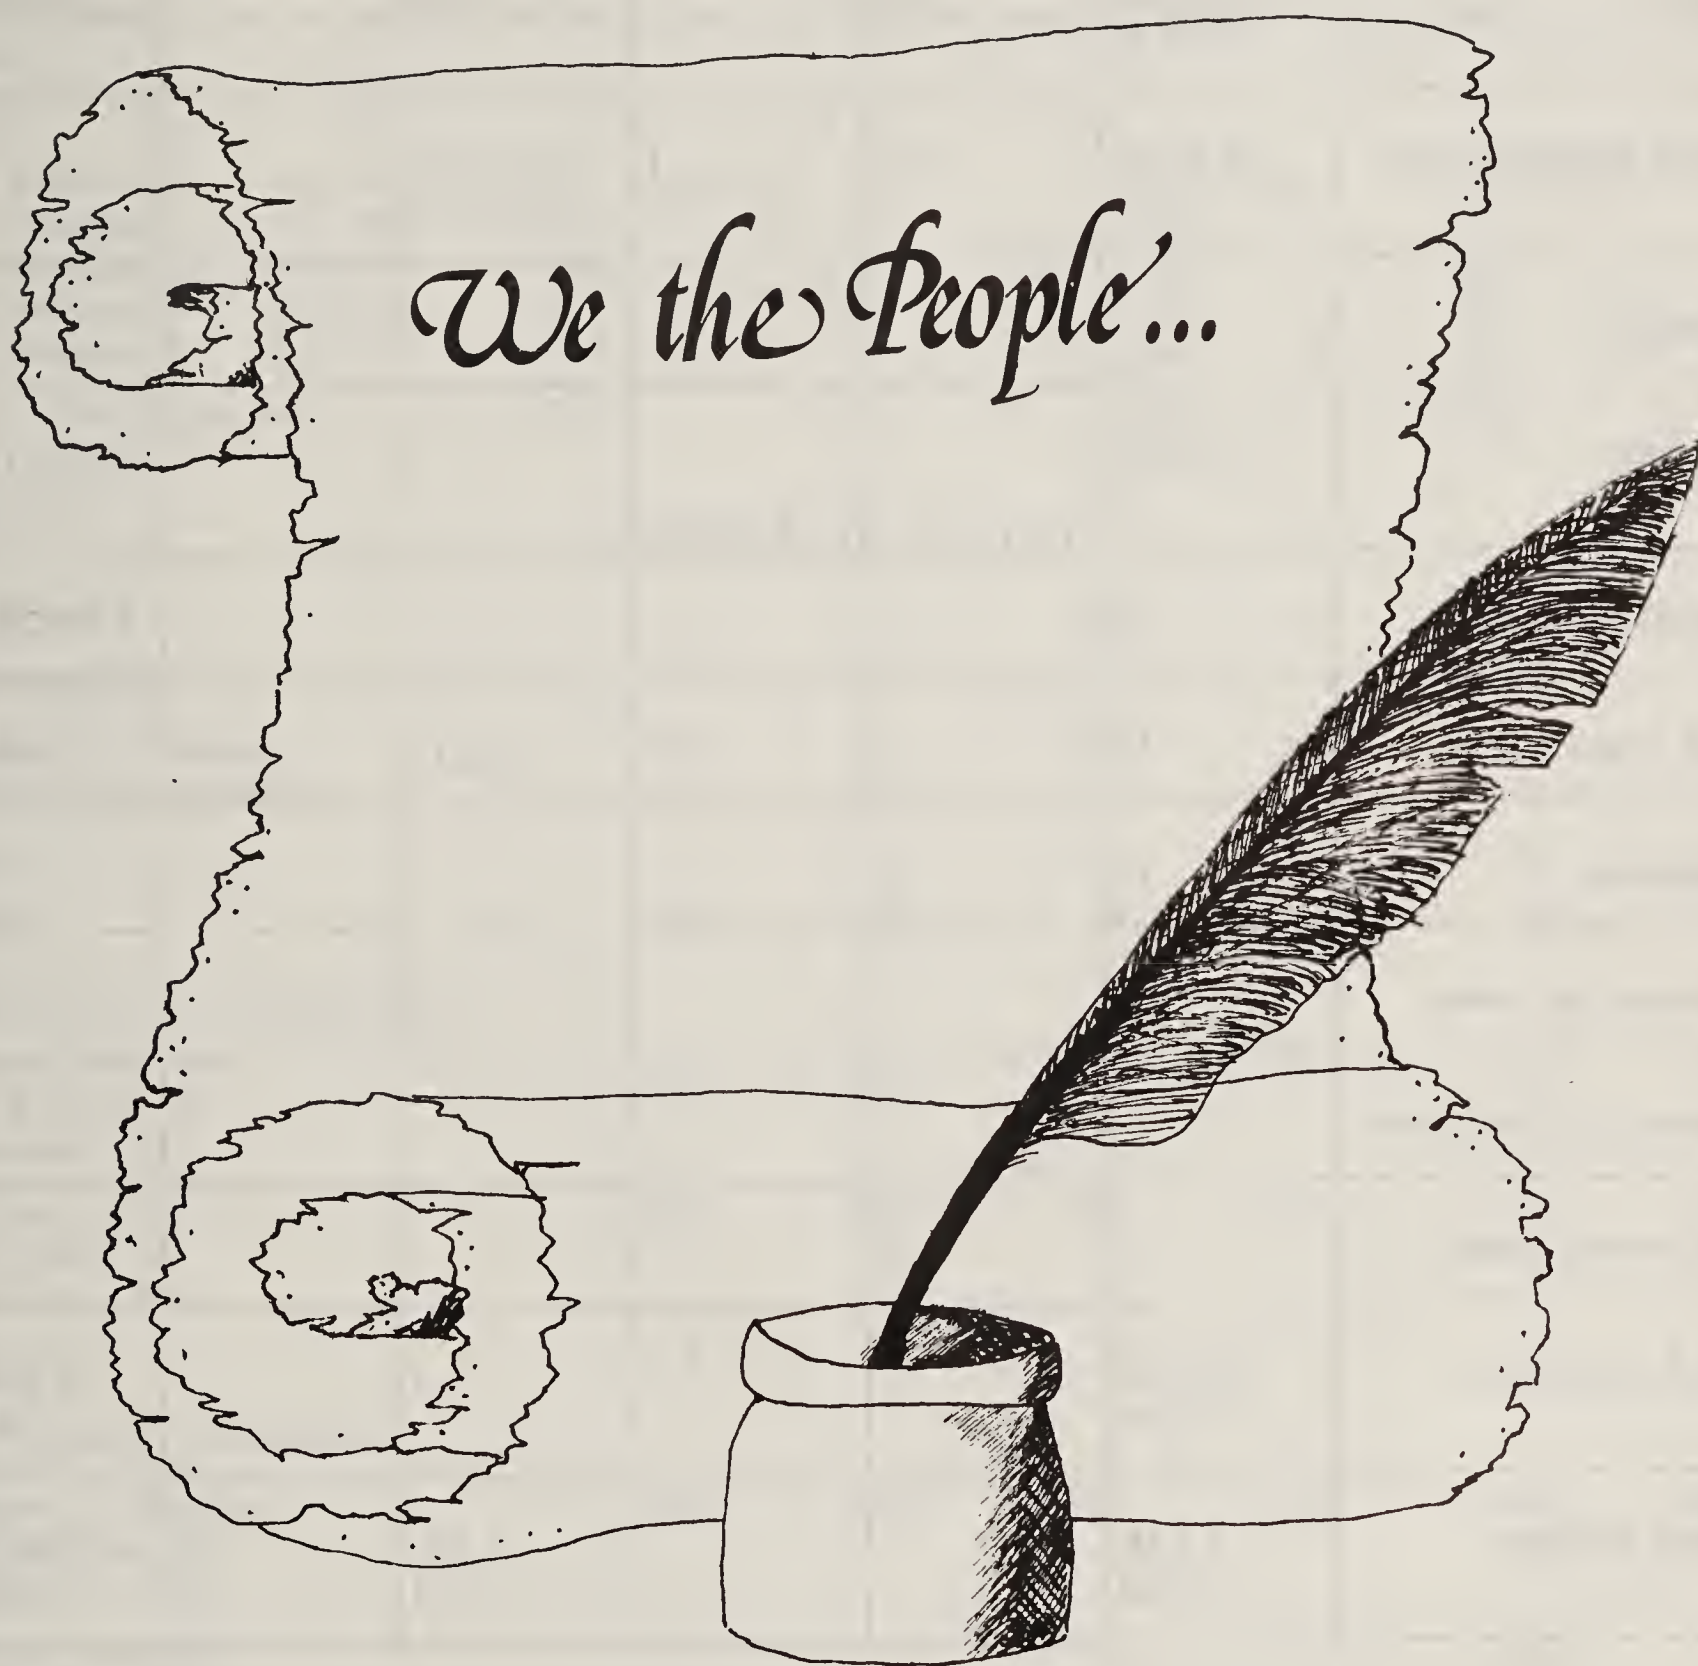

Rock concert featuring the groups "BANG" and "Pieces."

The responses from the young people concerning these programs were positive with requests for more.

The Youth Commission goal for the coming year will be an expanded range of activities which will include the elementary and middle schools as well as the high school.

Youth Commission meetings are open to the public; parents and students are encouraged to attend to offer any comments or suggestions.

SPECIAL TOWN MEETING

page 7 (110)

October 27, 1986

TOWN OF MILFORD

COMMONWEALTH OF MASSACHUSETTS

At 7:15 P.M. Town Clerk, Joseph Arcudi held elections to fill vacancies in Precincts 1 and 3. However, there were no candidates.

The Meeting was called to order by Moderator Michael J. Noferi at 7:40 P.M.

The Monitors reported 150 present, a sufficient number to constitute a quorum.

The Town Clerk read the warrant and the officer's return thereon.

ARTICLE 1. To see if the Town will vote to amend the Wage and Salary Administration Plan, as voted under Article 2 of the May 14, 1986 Annual Town Meeting, by changing the salary under Item No. 61, Board of Registrars, Chairman, from \$1,836.90 to \$1,180.00 and by changing the salary under Item No. 62, Registrars, Member, from \$857.54 to \$1,032.00 and by changing the salary under Item 66, Registrars, Clerk, from \$1,503.08 to \$1,836.98.

(Board of Registrars)

VOICE VOTE — UNANIMOUS

ARTICLE 2. To see if the Town will vote to transfer the sum of \$10,000.00 from the Excess and Deficiency Account to be spent under the jurisdiction of the Treasurer for the purpose of paying the Town's portion of charges for medicare assessed as a result of Federal Law.

(Treasurer)

VOICE VOTE — UNANIMOUS

ARTICLE 3. To see if the Town will vote to transfer the sum of \$243,000.00 from the Excess and Deficiency Account to be spent under the jurisdiction of the Treasurer for the purpose of paying the Town's share of premiums for group insurance, said sum to be added to those funds voted under Line Item No. 39, Employee Health Insurance, as voted under Article 4 of the May 14, 1986 Annual Town Meeting.

(Treasurer)

VOICE VOTE — UNANIMOUS

ARTICLE 4. To see if the Town will vote to amend the Milford Zoning By-Law by striking therefrom the current definition of "Family", as contained within Section 4.1, and inserting in place thereof the following new definition of "Family":

Family — (a) one or more persons related by blood, adoption or marriage, and not more than two additional persons all residing together as a single housekeeping unit; (b) a number of persons, but not exceeding three, residing together as a single housekeeping unit where such persons are not related to one another by blood, adoption or marriage.

(Planning Board)

The following Planning Board report was made by Michael T. Parente.

**REPORT OF PUBLIC HEARING
OCTOBER 7, 1987 — AMENDMENT TO SECTION 4.1
DEFINITION OF "FAMILY"**

The Public Hearing was opened at 10:15 P.M. with all five members present. The notice was read.

A discussion of the proposed amendment to the definition of "Family" explained that the change would more specifically define what constitutes a family. By allowing in **Part A** persons related by blood, adoption or marriage and not more than two additional persons in a single household, provision is made for a servant, a companion, a health care provider or other similar type person to reside on the premises. In **Part B** provision is made for up to three people to share the premises if they are not related by blood, adoption or marriage.

At 10:50 P.M. Mr. Griffith moved to close the Public hearing and to make a FAVORABLE RECOMMENDATION to the Town Meeting, seconded by Mr. Tessicini — unanimous vote of five.

Joseph A. Ciaramicoli
Seena Heller
Michael T. Parente
James D. Giffith
John B. Tessicini

After a brief discussion, Standing vote — 84 in favor; 61 opposed — defeated (2/3 vote)

ARTICLE 5. To see if the Town will vote to amend the Milford Zoning By-Law by adding to Section 2.3, the Use Regulation Schedule a new footnote No. 11, which footnote designation be placed after the use categories of "Nursery School" and "Other Schools" and the test of which shall be as follows:

11 — All structures and activity areas appurtenant to the primary use shall be located at least 100 feet from abutting residentially zoned or utilized land. (Planning Board)

The following Planning Board report was made by Michael T. Parente.

**REPORT OF PUBLIC HEARING
OCTOBER 7, 1986 — AMENDMENT TO SECTION 2.3 Footnote #11.**

The public hearing was opened at 10:15 P.M. with all five members present. The notice was read. It was noted that the newspaper publication omitted the language "other schools" and Mrs. Heller moved to amend the article under #2. of the notice to add the words "and Other Schools" at the end of the sentence., seconded by Mr. Giffith, unanimous vote of five.

Miss Beyer and Miss Smith who operate a nursery school at 24 Main Street were the only interested parties attending the hearing.

Mr. Ciaramicoli explained that the proposed amendments were being submitted in response to the overwhelming concerns expressed by large numbers of residents regarding several facilities which had located in the Town recently. The board worked with the advice of Town Counsel and the Town Planner in drafting the proposed amendment.

The definition of "Nursery School" in our bylaw states it is a school designed to provide daytime care or instruction for two or more children from two to five years of age, inclusive, and operated on a regular basis. A nursery school is permitted in every zoning district in the town, including all residential districts. There is no limit on the maximum number of children who could attend a nursery school.

Although the board at first assumed that nursery schools run as a business for profit would not be allowed in residential districts, further research of the zoning bylaw determined that nursery schools were exempt from the restriction and are permitted in residential districts.

The proposed amendment will still permit Nursery Schools & Other Schools in all the zoning districts. However, the amendment proposes reasonable regulations regarding setbacks, which is allowed under M.G.L. C.40A, Section 3.

Miss Beyer and Miss Smith were opposed to the amendment, as they anticipate enlarging their school and had hoped to be able to utilize a residential building for their future purpose.

The Planning Board feels that it is reasonable to provide consideration for the homeowners on abutting lots, particularly in densely populated areas. A setback of only one hundred feet is reasonable to preserve to some extent the quality of life for neighbors immediately abutting.

VOICE VOTE — UNANIMOUS

ARTICLE 22. To see if the Town will vote to amend Article 15, Miscellaneous Provisions, of the General By-Laws of the Town by adding a new Section 11 as follows:

11. Whoever shall operate, or permit to be operated, any motorcycle, "dirt bike" so called, or any other similar motorized two or three-wheeled vehicle upon any public property or railroad right-of-way, whether active or unused, except paved surfaces of public properties intended for vehicular access or travel, shall be punished by a fine not exceeding two hundred (\$200.00) dollars.

(Board of Selectmen)

VOICE VOTE — UNANIMOUS

ARTICLE 23. To see if the Town will vote to raise and appropriate or transfer from available funds, a sum of money to be added to those sums voted under Article 7 of the November 4, 1985 Special Town Meeting and Article 1 of the May 14, 1986, Special Town Meeting, which sum is to be used for the purpose set forth in the earlier vote, being repairs and renovations to the Middle School West for purposes of making same barrier free to access to the handicapped, or take any other action in relation thereto.

(Middle School West Building Committee)

VOTED: To pass over the article.

ARTICLE 24. To see if the Town will vote to amend the Milford Zoning By-Law by amending certain sections thereof as follows:

1. Amend Section 1.6.5 by deleting the words "not more than \$50.00" in the second sentence thereof and inserting in place thereof the words "not more than \$200.00".

2. Amend Section 2.3 by adding the footnote "1", designating as "subject to site plan review" the following use designations:

- commercial car wash
- flea market
- hospital
- nursery, convalescent, or rest home
- public stables
- boarding or rooming house
- motel, hotel

3. Amend Section 3.9.2.3 by adding the following sentence thereto: "Free standing signs of a directional nature only are permitted outside of the required front yard area provided they aggregate not more than 100 square feet in area."

4. Amend Section 4.1 by adding the following new definition:

"Sign, Directional — Any on-premises sign which directs traffic, identifies building locations, parking areas, or other site or other building features."

(Planning Board)

A motion was made by Seena Heller to amend #2. Section 2.3 by deleting the word "nursery" and inserting the word "nursing".

The motion now came on the amendment made by Seena Heller.

VOICE VOTE — UNANIMOUS

Motion now comes on the article as amended.

Voice vote unanimous (150 in favor; none opposed)

The following Planning Board Report was made to the Town Meeting Members. (Article 24)

REPORT OF PUBLIC HEARING AUGUST 19, 1986

The Public Hearing to amend the Milford Zoning By-Law, Section 1.6.5., Section 2.3, Section 3.9.2.3 and Article IV - Definitions was opened at 8:40 P.M. by Chairman Ciaramicoli. All five members of the Planning Board were present. No interested parties were in attendance. Fire Chief Taddei arrived during the hearing and was present for discussion of Section 3.9.2.3.

The board and Planner Martin Cohen discussed the reasons for the proposed amendments.

1. Suggested by the Legal Department.

1. Section 1.6.5 would increase the fine for zoning violations from the present \$50 penalty to \$200. This article was already processed for the Annual Town Meeting last May, but was inadvertently omitted from the warrant. The reason for the increase is that the Massachusetts General Laws,

Chapter 40A, have been amended by the Legislature to impose a maximum penalty of \$300 for zoning violations. This amendment does not seek the maximum amount, but will bring the Town's Zoning By-Laws closer into conformity with the state regulations.

2. An amendment to Section 2.3 Use Regulation Schedule will correct an omission which occurred when the Milford Zoning By-Law was revised in March of 1978. When the entire By-Law was proof-read for publication, it was discovered that the footnote 1. which made uses subject to Site Plan Review, had not been included for a number of uses. The Draft Copy was corrected, but the footnote was not included in the final copy for the Warrant. This amendment would make the intended correction and make the following uses subject to Site Plan Review: Commercial Car Wash, Flea Market, Hospital, Nursing or Convalescent Home, Public Stables, Boarding or Rooming House, Motel or Hotel. Since these are all uses which would have a definite impact on neighborhoods, the process of Site Plan Review would assure that all zoning requirements would be met.

3. An amendment to Section 3.9.2.3 would add the sentence "Free-Standing signs of a directional nature only are permitted outside of the required front yard area, provided that they aggregate not more than 100 square feet in area." This amendment would permit an additional maximum of 100 square feet for directional signs **only** on the property. Many industrial and commercial complexes need signs to direct public safety personnel and customers to the correct buildings. In the past, many variances have been required from the Z.B.A. for placement of such signs, thereby creating additional work for the Z.B.A.

4. An amendment to Article IV, DEFINITIONS, would clearly define the type of sign which would be permitted under this expanded Sign Regulation: Any on-premises sign which directs traffic, identifies building location, parking areas, or other building features. (Additional advertising signs would not be permitted)

Fire Chief Taddei who was present for this discussion supported the amendment to the Sign Regulations, as it would be beneficial to the Fire Dept. to have directional signs for a quicker location of a facility in the event of a fire.

Mr. Griffith moved to close the public hearing and recommend FAVORABLE ACTION to the Town Meeting, seconded by Mr. Tessicini. The Planning Board voted unanimously to recommend FAVORABLE ACTION.

ARTICLE 25. To see if the Town will vote to transfer the sum of \$17,000.00 from the Excess and Deficiency Account to be spent under the jurisdiction of the Board of Health for the purpose of obtaining engineering studies and/or plans and specifications necessary to begin the process of implementing a program for closing and capping the former sanitary landfill on Cedar Street.

(Board of Health)

VOICE VOTE — UNANIMOUS

ARTICLE 26. To see if the Town will vote to transfer the sum of \$60,000.00 from the Excess and Deficiency Account to be spent under the jurisdiction of the Board of Selectmen for the purpose of preparing plans, specifications, and other documents necessary for construction to improve traffic and pedestrian safety on Beaver Street from its intersection with Birch Street southerly through its intersection with lower Maple Street to the Town Line.

(Board of Selectmen)

VOICE VOTE — UNANIMOUS

ARTICLE 27. To see if the Town will vote to amend the Milford Zoning By-Law by amending the Zoning Map referred to in Section 2.1.1 as "Milford, Mass. — Zoning" by changing from Residential "B" to Industrial "B" the land at the intersection of Medway and Birch Streets, more specifically bounded and described as follows:

Beginning at the corner of said Medway Street and Birch Street,

The following Planning Board Report was made to the Town Meeting Members.

**REPORT OF PUBLIC HEARING
OCTOBER 7, 1986 — REZONING FROM IB TO RB
Off Birch St.**

Joseph A. Ciaramicoli, Chairman
Seena Heller Secretary
Michael T. Parente
James Griffith
John B. Tessicini

Mr. Ciaramicoli was not present in the meeting room as he is an abutter to the land propped for rezoning. Mr. Parente was Acting Chairman. The public hearing opened at 11:05 P.M. with reading of the notice. There were no interested area residents in attendance. Mr. Burrill was represented by Attorney Pettinari who made a brief presentation proposing use of the land for a Planned Residential Community of 63 condominium units. He stated that the topography of the land would lend itself to the cluster type of construction allowed by the P.R.C. bylaw. Mr. Parente asked why the applicant did not propose to extend the RC zone which abutted the property and Mr. Burrill replied that it would not be economically beneficial, as less than one unit per acre could be built in the RC District, whereas two and one half units per acre could be built in the propped RB District.

Mr. Griffith observed that residential and industrial properties do not mix well and that Birch Street is one of our main heavily travelled industrial roads, which is now inadequate to carry the intense industrial traffic. The board commented that several years from now, the Board of Selectmen could be approached by the residents of the proposed project to complain about the industrial traffic

on Birch Street, as is now occurring in similar circumstances of mixed residential and industrial areas. The comprehensive analysis by the Town Planner also concluded that the proposed rezoning would constitute an isolated, incompatible land use.

In addition, the board recalled that when the Town adopted the Planned Residential Community bylaw the Selectmen had requested an inventory of all existing land zoned RB and RC on which condominiums could be built, and the information was presented to the Town Meeting members. It appears that the intent of the Town Meeting which adopted the P.R.C. bylaw was to limit the use to already existing parcels and not to create new zoning districts which would permit condominiums.

This proposed amendment would create a new district and eliminate the use of the land for industrial or commercial construction.

Mr. Griffith moved to close the public hearing and transmit an UNFAVORABLE RECOMMENDATION to the Town Meeting, seconded by Mrs. Heller. Mr. Parente, Mr. Griffith and Mrs. Heller voted to submit the unfavorable recommendation, Mr. Tessicini opposed.

Michael T. Parente, Acting Chairman
Seena Heller
James D. Griffith
John B. Tessicini

After a lengthy discussion — a motion was made to move the question Requiring a 2/3 vote — 114 in favor; 11 opposed. Motion carried.

And further, that the Town vote to authorize the Selectmen to take by eminent domain, acquire by purchase, or otherwise acquire, the rights in land necessary for said relocation and alteration and to effectuate construction.

(Board of Selectmen)

Voted: That the Town hear the report of the Selectmen on the relocation and alteration of a portion of East Main Street (Route 16) for a distance of 2,200 linear feet, more or less, from a point about 300 feet west of the intersection of Routes 16 and 109 to a point about 1,900 feet east of said intersection, together with a portion of Medway Street; and that the Town accept said relocation and alteration as laid out by the Board of Selectmen and as designated in the report of the Selectmen dated October 20, 1986. *See description under Article.*

STANDING VOTE — 131 in favor; 1 opposed. (2/3 vote)

ARTICLE 32. To see if the Town will vote to transfer the sum of \$12,000.00 from the Excess and Deficiency Account to be added to those funds voted under Article 16 of the May 21, 1984 Annual Town Meeting, to be utilized for purposes of construction of a War Memorial.

(Board of Selectmen)

Mr. Paul Curren of 5 Highland Street presented the following amendment to article 32.

I move that the Town vote to amend the main motion under Article 32 by striking same and instead voting to relieve and dissolve the present committee, known as the War Memorial Committee, appointed purportedly pursuant to vote under Articles 73 and 74 of the March 28, 1955 Annual Town Meeting and continuing by vote under Article 54 of the 1967 Annual Town Meeting; and further, that the Moderator be authorized to appoint a new War Memorial Committee to consist of ten (10) members, two (2) members from each of the present five (5) precincts, one of which from each precinct being a veteran of service in the Armed Forces of the United States; and further, to authorize the placement of any funds remaining as voted under Article 43 of the April 25, 1979 Annual Town Meeting under the jurisdiction of the new committee together with the additional sum of \$5,000 to be transferred from the Excess and Deficiency Account, the total of which shall be used for the purpose of

developing designs, sketches, plans and specifications for the construction of a War Memorial Monument for the Town of Milford and bring to the next Annual Town Meeting a report of said War Memorial Committee together with design presentations for a proposed memorial

After a lengthy discussion, a motion to adjourn to Wednesday October 29, 1986 at 7:30 P.M. was made by Anthony A. Grillo of Precinct 2.

VOICE VOTE — MOTION DEFEATED

Again, a lengthy discussion was held. A motion was made to move the previous question.

Requires a 2/3 vote. 46 in favor; 35 opposed. Motion defeated.

QUESTION 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint session of the House of Representatives and the Senate on June 27, 1984 by a vote of 120-67, and on April 30, 1986 by a vote of 123-69?

YES _____

NO _____

SUMMARY

The proposed constitutional amendment would allow the legislature to prohibit or regulate abortions to the extent permitted by the United States Constitution. It would also provide that the state constitution does not require public or private funding of abortions, or the provision of services or facilities for performing abortions, beyond what is required by the United States Constitution. The provisions of this amendment would not apply to abortions required to prevent the death of the mother.

QUESTION 2

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on December 12, 1984 by a vote of 108-79, and on April 16, 1986 by a vote of 107-87?

YES _____

NO _____

SUMMARY

The proposed constitutional amendment would allow the expenditure of public funds for private schools and private school students.

It would remove primary and secondary schools from the list of non-public institutions barred from receiving public aid and would allow public money, property, or loans of credit to be used for founding, maintaining or aiding those schools. The proposed amendment would also allow public financial aid, materials, or services to be provided to a non-public school student requesting such aid, but only if that school does not discriminate in its entrance requirements on the basis of race, color,

national origin, religious belief, sex, or physical handicap. The state legislature would have the power to impose limits on aid, materials, or services provided to students.

QUESTION 3
LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1986, by a vote of 49-93, and on which no vote was taken by the Senate before May 7, 1986?

YES _____
NO _____

SUMMARY

The proposed law would reduce and then repeal the 7½% surtax on Massachusetts state income taxes and would limit state tax revenue growth to the level of growth in total wages and salaries of the citizens of the state.

It would set the rate of the surtax on Massachusetts state income taxes at 3¾% for tax years beginning during 1986, and it would repeal the surtax for tax years beginning on or after January 1, 1987.

The allowable state tax revenues for any fiscal year are limited to the allowable state tax revenues for the prior fiscal year as increased by the average rate of growth of Massachusetts wages and salaries for the three immediately preceding calendar years. For purposes of calculating the proposed limit for fiscal year 1987, allowable state tax revenues for fiscal 1986 are the net tax revenues for that fiscal year, but excluding revenues derived from the surtax on state personal income tax. Further, if in any fiscal year the calculation of the limit results in allowable state tax revenues less than the amount of allowable state tax revenues for the prior year, then allowable state tax revenues for that fiscal year shall be equal to the allowable state tax revenues for the prior year. The revenues limited by this law would not include non-tax revenues such as federal reimbursements, tuitions, fees and earnings on investments.

The amount of allowable state tax revenues for any fiscal year would have to be reduced if a new state law were enacted allowing local governments to impose new or increased taxes or excises. The reduction would be equal to the amount of revenue derived from the new tax or increase. The reduction in state tax revenues would first take effect in the fiscal year following the enactment of the new law authorizing new local taxes or increases.

If state tax revenues exceed the limit imposed by the proposed law, as determined by the State Auditor, a tax credit would have to be granted equal to the total amount of excess tax revenue. The credit would be applied to the then current personal income tax liability of all taxpayers in proportion to their personal income tax liability in the preceding year.

The provisions of this Act could be enforced in court by a group of taxpayers.

QUESTION 4
LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, which was approved by the House of Representatives on May 5, 1986, by a vote of 145-0, and on which no vote was taken by the Senate before May 7, 1986?

YES _____
NO _____

SUMMARY

The proposed law would require the state Department of Environmental Quality Engineering (DEQE) to search for sites in the Commonwealth where oil or hazardous materials have been disposed of and to take all steps necessary to clean up those sites within specified time limits. Provisions are made for informing the public about sites in their communities.

Beginning On January 15, 1987, DEQE would be required to publish lists every three months of all sites where it has confirmed that uncontrolled oil or hazardous materials have been disposed of and locations to be investigated as possible disposal sites. The lists would describe what actions have been taken at each site or location. DEQE would be required to list, to the extent that it has identified, at least 400 possible disposal sites by January 15, 1987, 600 additional locations by January 15, 1988, and 1,000 additional locations in each subsequent year.

Within one year after a location is listed as a possible disposal site DEQE would be required to determine if further investigation is warranted. If so, within two years after the listing, DEQE must confirm whether the location is a disposal site, and whether it poses an imminent or substantial hazard to health, safety, public welfare or the environment.

For sites found to pose a substantial hazard, DEQE would be required, within the next two years, to ensure that those hazards are eliminated and to develop a plan to eliminate permanently future risks from those sites. Imminent hazards would have to be eliminated immediately. For sites found not to pose any substantial hazards DEQE must, within seven years after the listing, ensure that the full extent of contamination is evaluated and that a plan to eliminate permanently future risks is developed.

The proposed law would require DEQE to provide public notice and encourage public participation. Within 30 days after completing a site investigation, DEQE would have to inform the public through local newspapers of the results of that investigation and of the rights of local citizens under the state law. If ten citizens of a town potentially affected by a site submit a request, DEQE would be required to develop a plan for involving the public in its cleanup decisions and present that plan at a public meeting. The chief municipal officer of a city or town in which a disposal site is located could appoint individual(s) to inspect the site on behalf of the community.

Massachusetts residents could bring lawsuits to enforce the provisions of the proposed law or to lessen a hazard related to oil or hazardous materials. If such a lawsuit is brought, a court could award costs, including reasonable fees for attorneys and expert witnesses.

QUESTION 5

REFERENDUM ON AN EXISTING LAW

Do you approve of a law summarized below, which was approved by the House of Representatives on October 17, 1985, by a vote of 77-62, and which was approved by the Senate on October 17, 1985?

YES _____
NO _____

SUMMARY

The law requires all drivers and passengers to wear properly adjusted and fastened safety belts while traveling in motor vehicles on public ways. It does not apply to: children under five years old who are required by another law to wear safety belts or be restrained in safety car seats; passengers in vehicles where all safety belts are being used by others; passengers in buses; persons riding in vehicles built before July 1, 1966, or in which safety belts were not installed as original equipment; or persons

who are certified by a physician to be physically unable to use safety belts. The law also does not apply to police officers, rural mail carriers, or drivers or passengers of other vehicles that stop frequently and travel at speeds not exceeding 15 miles per hour between stops.

Drivers or passengers sixteen years or older who do not wear safety belts are subject to a \$15.00 fine. The driver of a vehicle is also subject to a \$15.00 fine for each passenger under sixteen who does not wear a safety belt. This law, however, can be enforced only if the driver is stopped for a violation of another motor vehicle law. Safety belt violations will not result in surcharges on motor vehicle insurance premiums. The law also requires that when the Commissioner of Insurance sets motor vehicle insurance rates, the rates must reflect any savings attributable to increased use of safety belts.

The law also requires that all motor vehicles manufactured after September 1, 1989, that are sold or registered in Massachusetts be equipped with crash protection devices, as specified by federal regulations. Any manufacturer who sells or delivers motor vehicles that are not equipped with such safety devices will be subject to a fine of not more than \$100 for each sale or delivery. This law is not intended to eliminate the federal requirements for passive crash protection devices in motor vehicles.

The law also provides that a non-binding question, unlike this binding referendum, shall be placed on the 1986 general election ballot asking whether the voters approve of the law.

QUESTION 6

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1986, by a vote of 56-93, and on which no vote was taken by the Senate before May 7, 1986?

YES _____
NO _____

SUMMARY

The proposed Law would provide a system of voter registration by mail applicable to all qualified voters and would eliminate statutory provisions permitting certain persons to vote only for presidential electors.

Under this proposed law, the State Secretary would be required to prepare blank forms for affidavits of registration. The Secretary and local boards of registrars would be required to make such forms available to any person eligible to vote in whatever quantity the person requests and to transmit such forms, upon written request, to any person claiming to be qualified to vote. Registrars would also be required to make these forms available at all post offices and at other places within their municipalities. The Secretary would be required to establish a reasonable fee for providing more than 50 forms and to prepare instructions to accompany the forms.

A person seeking to register to vote would be required to complete the affidavit of registration and sign it under oath in the presence of a witness who is at least eighteen years old. The witness would be required to certify that the affidavit was signed in his presence and to date the affidavit.

A completed affidavit of registration could be delivered or mailed to the appropriate registrar's office. If, from the facts set forth in the affidavit, it appears that the person is qualified to vote, the registrars would be required to add the person's name to the list of registered voters and to so notify the person by first-class, non-forwardable mail, unless the person's name already appears on the local list of residents at the same address. The cost of mailing such notices would be assumed by the Commonwealth, subject to appropriation. If in any year the General Court fails to appropriate funds for that purpose, such notices would not have to be sent. If such a notice is returned undelivered, the

city or town clerk would be required to instruct election officials to challenge the person's right to vote at the next election in which he attempts to vote.

The proposed law would also impose criminal penalties of imprisonment for up to two years or a fine up to \$2,000 for knowingly or willfully making a false affidavit, taking a false oath, or signing a false certificate relative to the qualifications or registration of any person to vote.

TOWN OF MILFORD
ANNUAL TOWN MEETING
JUNE 15, 1987
MIDDLE SCHOOL WEST

At 7:15 P.M. Town Clerk, Joseph Arcudi, held elections to fill vacancies in Precincts 2, 3 and 7. Elected were the following Town Meeting Members:

Prec. 2	Barry Lazzerini — 4 Prarie St.
Prec. 3	Pasquale F. Mussulli — 117 So. Main St.
Prec. 7	Donna Topping — 8 Esther Dr.

The meeting was called to order by Mederator Noferi at 7:45 P.M. The quorum was set at 128 members. The Monitors reported that 202 members were present, a sufficient number for a quorum. The Town Clerk read the warrant and the Officer's return.

ARTICLE 1. To hear and act upon reports of all Town Officers and Committees of said town. At this time Moderator Noferi called for reports under article 1. The following reports were submitted and read by the respective departments.

RESOLUTION — JUNE 15, 1987

Whereas, The citizens of Milford have learned, with great sorrow and deep regret of the passing of Joseph A. Ramaskwich;

Whereas, Joseph A. Ramaskwich, was for many years an elected member of the Town Meeting;

Whereas, Joseph A. Ramaskwich served this community faithfully and unselfishly as a loyal citizen and sincere gentlemen.

Therefore, be it Resolved: That as a mark of respect, the business of the meeting be suspended while members stand in solemn and silent tribute to his memory.

And be it further Resolved, That a copy of this resolution be forwarded to his family and also be included as a part of the next Annual Town Report.

Respectfully submitted

MILFORD TOWN LIBRARY
BUILDING COMMITTEE REPORT
JUNE 15, 1987

To Town Meeting Members and Citizens of Milford:

On behalf of the members of the Milford Town Library Building Committee I would like to make the following report:

The present Library Building Committee was organized on March 15, 1977, with five (5) members. On October 4, 1978, the membership was expanded by Town Meeting vote to eleven (11) members.

After much consideration town-owned land on Spruce Street, the location of the Spruce Street School and the former town barn, was chosen as the site of the new facility.

On June 13, 1983, Town Meeting authorized \$2.6 million dollars for the construction of a new town library on the Spruce Street site.

Six (6) architectural firms were interviewed. The firm of Donald Prout Associates of Cranston, R.I. was selected on September 8, 1983, and subsequently the Hass Corporation of Ashland, Ma. was accepted as the contractor.

The project was awarded a Federal Grant of \$400,000.00 which was later increased to \$512,200.00. The Grant was formally accepted on December 28, 1983.

Ground breaking ceremonies were held on May 20, 1984.

In April, 1985, Mr. and Mrs. Hyman Hill donated \$79,000.00 to purchase the property adjacent to the site. This gift provided the facility with a green area and an expanded parking lot.

Construction progressed without any major delays and on January 13, 1986, the new Milford Town Library opened its doors to the first of thousands of patrons that were to follow.

On April 6, 1986, the Library was dedicated to the Citizens of Milford.

It has been a privilege to serve on this Committee and we thank you for your assistance and support. Our thanks also, to Town counsel Gerald Moody, whose guidance proved invaluable.

As Chairman of the Committee I would like to express my appreciation to the members of the Committee: Paul Curran, Vice-chairman, Lynda Heller, Treasurer, Leo Harlow, Secretary, Leo Verrelli, Emilio Pighetti, Paul Raftery, Rodney Bretz, Carol McAvoy, Carl Romagnoli, Harris Tredeau, and Sondra Vandermark, ex-officio member.

Respectfully submitted,

Mary Ann Desena, Chairman

SEWER DEPARTMENT

The Town's new Advanced Wastewater Treatment Facility has been successfully operating for nearly a year and is using the latest technology available today to treat up to 4 million gallons per day of wastewater. The construction of the project was completed with approximately 97% of the budgeted funds and the Town qualified for \$834,000 in bonus grant funds for the use of innovative treatment methods. In addition the project received an award from the American Consulting Engineers Council for design excellence by the Town's consulting engineer, Haley and Ward, Inc. of Waltham.

The Board of Sewer Commissioners has instituted studies leading to reconstruction and/or relief of a number of problem areas in the existing Town sewerage system. The first of these is the proposed extension of the Dilla St. Interceptor to provide additional capacity from E. Main St. to the new wastewater treatment facility. This project is being funded (90%) with State funds and preliminary planning should be completed later this year. These studies have been expanded with State approval to include possible relief of the overload of the Charles St. P.S., the Congress St. — Bow St. trunk sewer and the Fruit St. — Highland St. trunk sewer. The second major project, is for the construction of a new 18" sewer to be installed on E. Main St. between Beach St. and Hamilton St. with construction scheduled to begin this summer. The purpose of this new sewer is to relieve the overload on the existing main (constructed in 1910) which serves the east side of Milford and four pumping stations, i.e. Beaver St., Birch St., Rte 495 and E. Main St. Pumping stations.

Studies are also being performed to evaluate the performance of several existing pumping stations, which may lead to upgrading of some or all of these pumping stations and provisions for emergency power during electrical outages.

And further, that for purposes of implementation effective July 1, 1987, for all incumbents working on that date, the following system of implementation shall be followed to determine placement of individuals at appropriate levels:

1. Each incumbent employee shall be considered to have a two and one-half (2½%) percent increment in pay added to his/her actual base rate of pay in effect on June 30, 1987; and
2. Each employee shall be advanced to the next highest step in the above seven level salary schedule for the employee's applicable position; and
3. There shall then be added an experience bonus equivalent of an additional step on the salary schedule for each five (5) years of experience, if any, in the current position, but not more than 3 such steps.

And further, for the fiscal year 1988, there shall be a two-month adjustment period, July and August of 1987, during which period, through his/her Department Head and/or Appointing Authority, as appropriate, any employee may present new evidence in writing to the Personnel Board as to why he/she believes that a particular Position Grade placement is in error. Thereafter, during the months of September and October of 1987, the Personnel Board shall review the various requests, seek additional information, and meet with the employee at issue, if it deems such necessary. The Personnel Board shall then, during such period, make a determination as to whether an increase or decrease in Position Grade is warranted and may, if deemed warranted, increase or decrease the Position Grade retroactive to July 1, 1987, but by no more than a factor of one (1).

And further, that the salaries for the following positions not yet classified as above, shall be as follows:

VOICE VOTE—UNANIMOUS

ARTICLE 40. To see if the Town will vote to amend Article 15A of the General By-Laws of the Town by inserting therein Section 3 (b) and 3 (c) as follows:

Section 3(B). No person shall keep, own, control or have in his or her possession and American Pit Bull Terrier or American Staffordshire Terrier, commonly referred to as a "pit bull". Any person violating this section shall be subject to a fine of fifty (\$50) dollars for each day of offense. This section shall not apply to "pit bulls" registered with the Milford Town Clerk prior to June 15, 1987 or otherwise lawfully kept and owned by a resident of Milford prior to said date.

Section 3(C). No person lawfully owning, in control of, or in possession of an American Pit Bull Terrier or American Staffordshire Terrier, commonly referred to as a "Pit Bull" shall permit or suffer

such pit bull to be off of his/her property unless such "Pit Bull" is on a chain or leash not more than eight (8) feet in length and is muzzled.

Any person owning, in control of, or in possession of such "Pit Bull" shall restrain such "Pit Bull" as above, or, when such "Pit Bull" is on such person's property and not muzzled as above, shall keep any "Pit Bull" behind a chain link enclosure at least six feet in height, which enclosure shall be kept locked. An enclosure or kennel of less than six feet in height may be utilized, but such enclosure shall also be constructed of chain link and shall have a roof of adequate construction to prevent the escape of any "Pit Bull".

Any person violating these Sections 3(B) and 3(C) shall be subject to a fine of fifty (\$50) dollars for each offense or day of offense and any "Pit Bull" kept in violation of this section shall be subject to banning by the Board of Selectmen after procedures as set forth in G.L. c.140, Section 157.
